- Collaboration Platform: Host and participate in collaborative AI projects using GTV Tokens.

User Engagement

- AI Challenges: Participate in AI competitions and challenges.
 - Project Collaboration: Connect with other researchers and developers.
 - Updates and Reports: Regular updates on AI advancements and project reports.
-

6. greentv.nft

Website Design

- Homepage: Introduction to the NFT platform, featured NFTs.
- Marketplace: Browse, buy, and sell NFTs.
- Creator Dashboards: Manage and showcase NFT collections.

Functionalities and GTV Token Usage

- NFT Purchase: Buy NFTs using GTV Tokens.
- Minting: Mint new NFTs by staking GTV Tokens.
- Royalties: Earn GTV Tokens through secondary sales.

User Engagement

- Featured Collections: Highlight popular and trending NFTs.
 - Community Galleries: Showcase community-created NFTs.
 - Events: Participate in virtual NFT exhibitions and auctions.
-

7. greentv.games

Website Design

- Homepage: Overview of available games, featured game of the month.
- Game Library: Browse the collection of AR and VR games.
- User Profiles: Track progress, achievements, and leaderboards.

Functionalities and GTV Token Usage

- In-Game Purchases: Use GTV Tokens for in-game assets and upgrades.
- Rewards: Earn GTV Tokens for completing challenges and milestones.
- Game Development: Use GTV Tokens to fund game development projects.

User Engagement

- Multiplayer Tournaments: Participate in tournaments and win GTV Tokens.
 - Game Reviews: Rate and review games.
 - Developer Interaction: Engage with game developers and provide feedback.
-

8. greentv.blockchain

Website Design

- Homepage: Introduction to blockchain technology and its applications.
- Resource Center: Access to tutorials, white papers, and updates.
- Development Hub: Tools and resources for blockchain developers.

Functionalities and GTV Token Usage

- Developer Grants: Apply for grants using GTV Tokens.
- Blockchain Projects: Fund and participate in blockchain projects with GTV Tokens.
- Consulting Services: Access premium consulting services using GTV Tokens.

User Engagement

- Workshops and Webinars: Participate in educational sessions on blockchain.
 - Community Projects: Collaborate on community-led blockchain initiatives.
 - Updates and Insights: Stay informed on the latest blockchain trends and innovations.
-

9. greentv.wallet

Website Design

- Homepage: Overview of wallet features and security.
- Dashboard: Manage GTV Tokens, view transaction history.
- Security Center: Information on securing your wallet and assets.

Functionalities and GTV Token Usage

- Wallet Services: Store, send, and receive GTV Tokens.
- Staking: Stake GTV Tokens directly from the wallet.
- Integration: Seamless integration with other GreenTV platforms.

User Engagement

- Alerts and Notifications: Real-time updates on wallet activity.
 - Support: Access to customer support and FAQs.
 - Guides: Tutorials on using the wallet and securing your assets.
-

10. greentv.unstoppable

Website Design

- Homepage: Introduction to decentralized applications and platforms.
- App Directory: Explore decentralized apps (DApps) within the ecosystem.
- User Guides: Tutorials and resources for using DApps.

Functionalities and GTV Token Usage

- DApp Access: Use GTV Tokens to access premium DApps.
- Development Funding: Fund development of new DApps with GTV Tokens.
- Usage Rewards: Earn GTV Tokens for actively using DApps.

User Engagement

- DApp Reviews: Rate and review decentralized applications.
 - Community Projects: Participate in and contribute to decentralized projects.
 - Innovation Challenges: Compete in challenges to develop new DApps.
-

11. greentv.me

Website Design

- Homepage: Personalized user dashboard, profile overview.
- Activity Feed: Updates on user activity and engagement.
- Customization Options: Customize profile, preferences, and settings.

Functionalities and GTV Token Usage

- Profile Management: Use GTV Tokens to unlock advanced customization options.
- Social Features: Connect with other users, join groups.
- Achievements: Earn GTV Tokens for reaching milestones and achievements.

User Engagement

- Friend System: Add friends, send messages, and interact.
 - Profile Badges: Earn badges for participation and achievements.
 - User-Generated Content: Share content and updates with the community.
-

12. greentv.pro

Website Design

- Homepage: Overview of professional services and premium content.
- Service Catalog: Browse available services and content.
- User Dashboard: Manage subscriptions and access services.

Functionalities and GTV Token Usage

- Service Access: Use GTV Tokens to access premium professional services.
- Subscription Plans: Pay for memberships using GTV Tokens.
- Consultations: Book consultations with experts using GTV Tokens.

User Engagement

- Exclusive Content: Access to webinars, workshops, and premium articles.
 - Professional Network: Connect with industry professionals.
 - Feedback System: Provide feedback on services and content.
-

13. greentv.vip

Website Design

- Homepage: Introduction to VIP services and features.
- Exclusive Content: Access to premium articles, videos, and events.
- VIP Dashboard: Manage VIP status and benefits.

Functionalities and GTV Token Usage

- Exclusive Access: Use GTV Tokens to unlock VIP content and events.
- Special Offers: Access special deals and promotions using GTV Tokens.
- Premium Services: Book premium services with GTV Tokens.

User Engagement

- VIP Forums: Private forums for VIP members.
 - Live Events: Participate in exclusive live events and Q&A sessions.
